

PATRICK HANNAWAY (BORN 1877) - 1920 PHOTO, GLASGOW

The 1920 photograph is of Patrick Henry Hannaway of county Armagh, born in 1877. It was taken in 1920 when Patrick and his nephew Patrick McGinnis were working in Glasgow; both were bricklayers. Two years later Patrick McGinnis emigrated to live in New York.

In March 1925 Patrick Hannaway also arrived in New York. The US Immigration records show he was joining "nephew P McGinnis in New York". He stayed until September; no doubt using Patrick McGinnis's contacts for any bricklaying work. We can also be sure this watch & chain travelled to NY.

Rich McGinnis (grandson of Patrick McGinnis) lives in Connecticut and kindly donated this photo (and other original photos) to this website. The silver chain seen in the photograph is hallmarked on each link: the Smiths Empire watch would date from around 1948.

By about 1966 Patrick Hannaway had lost his sight and so endowed the watch and chain to his son Peter. Patrick died in May 1971 aged 95.
